

# Home Start

Cefnogaeth a chyfeillgarwch i deuluoedd  
Support and friendship for families  
Sir Fynwy - Monmouthshire

## Get your business involved

**There are lots of ways your business  
can support Home-Start Monmouthshire:**

- **Make us your Charity of the Year**
- **Cause related marketing and business expertise**
- **Donations as a one off or regular amount**
- **Staff fundraising events**
- **Matched Giving**
- **Payroll Giving**
- **Sponsorship Opportunities**

There are many great ways to dedicate your company's annual fundraising efforts to help an excellent cause. By encouraging your employees to work together to raise funds, you can build team spirit and raise morale while building your reputation as a company that is passionate about helping children have the best start in life. Research shows this improves employee relations and therefore employee retention.

We rely heavily on the generosity of our corporate partners and individual supporters to make our work possible. We already work with some incredible companies who help us to make a difference to the lives of vulnerable children across the county and we would love your company to consider helping us too.

We believe that every parent should get the support they need to give their children the love and care that is so important. A charity partnership with Home-Start Monmouthshire will help support our core work and ensure we can carry on providing support to 60 families annually.

So, whether you are looking for a long term strategic relationship or employee engagement through fundraising and events, your company can partner with us and help change children's lives for the better.

**For more information on how we can work together and tailor the ideal partnership to suit your company at a local level, please contact [enquiries@homestartmonmouthshire.org.uk](mailto:enquiries@homestartmonmouthshire.org.uk) or call 01600 715608.**
